Summary Totals

Daily Point Score

Points for any single day should not exceed average daily points by more than 6. Exceptions to this would be a first day with a packer assist or a last day out with light loads.

DAY	1	2	3	4	5	6	7	8	9	10	11	12	TOTAL
POINTS													

Total Points Score

Total Points (sum of items 1-6) divided by Number of "moving" days (exclude layover days) = Average Daily Rating Points

_____ / _____ = _____

Convert: Average Daily Rating Points to Trip Difficulty Rating

- | | |
|--------------|---|
| Less than 8 | 1 (formerly "Light" or L) |
| 8 -10 | 2 (formerly "Light/Moderate" or LM) |
| 10.1-12 | 3 (formerly "Moderate" or M) |
| 12.1-14 | 4 (formerly "Moderate/Strenuous" or MS) |
| More than 14 | 5 (formerly "Strenuous" or S) |

Note: Borderline ratings may be raised to the next higher level if heavier pack wights are called for, or if snow, humidity, or special terrain conditions make a trip more difficult for the participants.
