

Affordable Outdoor Gear

How much will it all cost?

That depends...

Do you already have it?

What can you borrow or rent?

What do you still need to buy?

Ways to find gear

Gather it—

You'd be surprised how many items you already have...appropriate clothing, kitchen gear, water containers, etc.

Borrow it—

Family, friends, and even WBC may have just what you're looking for.

Rent it—

More costly items can be rented to try out before committing to a purchase.

Adventure Rental Center at UCSB

REI in Oxnard

Mountain Air Sports in Santa Barbara

Hunt for it—

Check around the local thrift stores and check out Craigslist. Make sure equipment has all the parts.

Buy it—

Gear presentations in WBC will have many good tips. Be selective, ask around, and compare prices.

Make it—

Make your own cool stuff for a fraction of the cost

Remember the purpose of the right gear is to keep you safe and comfortable!
