Trip Grading System

The grade is a 3-part code describing the difficulty of the outing. The first part, a letter, refers to the overall difficulty of the trip. The second part, a number, states the number of miles that will be traveled on the longest day. The third part, another letter, refers to the total cumulative elevation gain, or loss, for the longest day.

Difficulty	Mileage	Elevation Gain/Loss
E = Easy	This is the number of miles, rounded to the nearest mile, traveled on the longest day of the trip.	A = less than 500 ft.
M = Moderate		B = 501 to 1000 ft.
S = Strenuous		C = 1001 to 2000 ft.
		D = 2001 to 3000 ft.
	E = over 3001 ft.	

Example: M8C

"M8C" would be a moderately difficult trip with an 8-mile hike on the longest day and which could climb or descend up to 2000 feet in one day.

All hikers bring: daypack, lunch, water, 10 essentials, boots or sturdy hiking shoes

Time: All hikes will start at 8:30 AM from the Satwiwa Cultural Center. Please be at the Cultural Center by 8:15 AM. Note: The parking lot tends to fill up quickly, you might want to arrive even earlier to secure a space. There is an overflow lot that you will pass about 1/4 mi before the main lot.

Enjoy a moderate 4.1 mile loop with about 650 ft. of elevation gain and loss. We'll start at the Satwiwa Cultural Center and hike across an open meadow to the Boney Mountain Trail. We'll then climb a short hill, then descend down to the canyon floor and Big Sycamore Creek. We'll follow the creek through the canyon for 1.4 miles, descending 400 feet to end up on the paved road of Big Sycamore Canyon. We'll then have a heart-pounding 400 ft. climb up the blacktop to the western edge of the meadow we crossed at the start of the

hike. A short 1/4 mile walk will return us to the Satwiwa Cultural Center. Wear hiking boots or sturdy shoes. Bring snack, water, and other 10 essentials. For more info, email Anna at annamsc@yahoo.com.

2. Danielson Monument M6C

Along the way, we'll be passing in and out of the burn area of the Camarillo Springs fire, offering a unique opportunity to see what the area looks like both before and after a major fire. Great views of Newbury Park and Sycamore Canyon will be visible from the trail. After our climb, we'll leave the Old Boney Trail and hike 4/10 of a mile to Danielson Monument, where we'll take a break and look around this site of an old homestead.
